Discussion

- K. McDermott gave members an update on the Common Curriculum course transition process and answered questions. Most of the courses above were approved over the summer by Faculty Navigators, many of whom are also TOI Co-chairs.

- One member noted in the chat, “A quick inspection of the 94 in the list here seem to have very little TOI-1, but a lot of TOI-2.” It was noted that we expect sufficient capacity in TOI-1 and that we’ll be adding new courses this Fall from grant winners.
- One member noted in the chat, “We have lists of all fully approved TOI courses on the catalog website: <https://catalog.uconn.edu/undergraduate/common-curriculum-appendix/>. As these new batches are approved, we'll add them to the lists.”
- The new version of the [Common Curriculum’s website](#) will be live soon.

Discussion

- There was a question about whether a course would have an E after the number if it did not carry the old EL designation but did have TOI-4. No, it would not have an E if the old EL designation did not apply. The group agreed to pass

the course with the understanding that a retroactive E designation could be added.

(Post-meeting Note: Upon checking, the question was moot. The proposer did, in fact, request a retroactive EL designation, making the E applicable.)
